**About Nkarta**

Nkarta is a clinical-stage biotechnology company advancing the development of allogeneic natural killer (NK) cell therapies for cancer. By combining its cell expansion and cryopreservation platform with proprietary cell engineering technologies, Nkarta is building a pipeline of cell therapy candidates generated by efficient manufacturing processes, and engineered to enhance tumor targeting and improve persistence for sustained activity in the body. For more information, please visit the company's website at [www.nkartatx.com](http://www.nkartatx.com).
