4:20 p.m. ET – fireside chat presentation

A simultaneous webcast of the presentations will be available on the Investors section of Nkarta's website, www.nkartatx.com, and a replay will be archived on the website for approximately four weeks.

About Nkarta

Nkarta is a clinical-stage biotechnology company advancing the development of allogeneic, off-the-shelf natural killer (NK) cell therapies for cancer patients. By combining its cell expansion and cryopreservation platform with proprietary cell engineering technologies and CRISPR-based genome engineering capabilities, Nkarta is building a pipeline of future cell therapies engineered for deep anti-tumor activity and intended for broad access in the outpatient treatment setting. For more information, please visit the company's website at www.nkartatx.com.
