

Nkarta Announces Closing of Upsized Public Offering of Common Stock and Underwriters' Full Exercise of Option to Purchase Additional Shares

April 28, 2022

SOUTH SAN FRANCISCO, Calif., April 28, 2022 (GLOBE NEWSWIRE) -- Nkarta, Inc. (Nasdaq: NKTX), a biopharmaceutical company developing engineered natural killer cell therapies to treat cancer, today announced the closing of its previously announced underwritten public offering of 13,333,334 shares of its common stock at a price to the public of \$15.00 per share, and the exercise in full by the underwriters of their option to purchase an additional 2,000,000 shares of common stock. The exercise of the underwriters' option brought the total number of shares of common stock sold by Nkarta to 15,333,334 shares and increased the gross proceeds raised in the offering, before deducting underwriting discounts and commissions and offering expenses, to \$230 million.

Nkarta intends to use the net proceeds from the offering to fund the continued clinical development of NKX101 and NKX019, preclinical studies for research stage programs and the continued buildout of internal manufacturing capabilities, and for working capital and for general corporate purposes.

Cowen, SVB Securities, Evercore ISI and Stifel acted as joint book-running managers for the offering.

The offering was conducted pursuant to a shelf registration statement (File No. 333-258766), which was filed with the Securities and Exchange Commission ("SEC") on August 12, 2021 and declared effective by the SEC on September 2, 2021. The offering was made only by means of a prospectus supplement and accompanying prospectus describing the terms of the offering.
